

POST-PEEL CARE FOR ONE WEEK

Directions AM & PM

- Wash face with gentle cleanser (h2t Cream Cleanser)
- On dry skin apply DERModality Aloe-sona Cream (anti-inflammatory cream) for sensitivity and intense moisturizer for dryness as needed
- For the AM, don't forget your SPF 30 Sunblock DAILY (SunMoist SPF 30)
- For a few days, skin may feel dry and flaky
- Can use only powder or mineral make-up as soon as the next day
- No liquid or cream make-up for 1 week after peel

To promote the healing process, clients should be advised to avoid the following

- Products containing AHA's
- Salicylic Acid
- Lactic Acid
- Retinoid (Retin-A), Vitamin A - or other potentially irritating topicals until the skin returns to it's normal condition
- Pumpkin Peel
- The use of abrasive or exfoliating sponges on the area
- Sun exposure
- Artificial tanning
- Direct heat sources until the skin is fully healed

For One Week, DO NOT

- Have a facial during the healing process
- Peel, pick, scrape, or rub the skin
- Use a mask on the skin
- Use an active moisturizer
- Have any waxing services
- Have any electrolysis
- Use any depilatories
- Use a loofah
- Color Hair
- No liquid make-up (use mineral make-up only)
- No permanent make-up

If you miss, cancel or change your appointment with less than 24 hours notice, you will be charged \$25
